Notes to Financial Statements June 30, 2019 & 2018

#### **NOTE 1- Summary of Significant Accounting Policies**

#### **Nature of Business**

Old Town San Diego Chamber of Commerce (the "Organization") is a non-profit consortium of local businesses organized in 1945 for the purpose of promoting, improving and fostering business conditions in the City of San Diego in the area commonly known as Old Town pursuant to City Ordinance 286021, which established and defined a parking and business improvement area as the Old Town San Diego Chamber of Commerce under the provisions of the Parking and Business Improvement Area of Law of 1979 of the State of California and enabling ordinances of the City of San Diego.

#### Depreciation

The Organization's equipment and furniture is fully depreciated.

#### Income tax status

The Organization has been granted exemption from federal income tax under Section 501(c)6 of the Internal Revenue Code and similar California law under Sections 9910-9927 of the Corporation codes and is not subject to income taxes on related business income. Management of the Organization has evaluated its tax position and related income tax contingencies. Management does not believe that any material uncertain tax position exists with the exception of prior years penalties and interests described in Note 6. The Organization generally is no longer subject to income tax examinations by federal authorities for the years ending June 30, 2014 and before and by state authorities for years ending June 30, 2013 and before.

#### Basis of Accounting

The financial statements of the Organization are prepared on the accrual basis of accounting.

#### Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts. These estimates are based on information available as of the date of the financial statements, therefore, actual results could differ from these estimates.

#### Basis of Presentation

The financial statements of the organization have been prepared in accordance with U.S. generally accepted accounting principles ("US GAAP"), which require the Organization to report information regarding its financial position and activities according for the following net asset classifications:

**Net assets without donor restrictions:** Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Organization's management and the board of directors.

**Net assets with donor restrictions:** Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions

will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activity.

#### Measure of Operations

The statement of activity reports all changes in net assets, including changes in net assets from operating and nonoperating activities. Operating activities consist of those items attributable to the Organization's ongoing programs. Nonoperating activities are limited to resources that generate return from long-term investments and other activities considered to be of a more unusual or nonrecurring nature.

#### Revenue Recognition

Old Town San Diego Chamber of Commerce is funded principally through the administration of contracts and grants with the City and County of San Diego (special assessment districts BID, SBEP, etc.). Additional funds are generated from special projects and special events.

#### Functional Allocation of Expenses

The statement of functional expenses presents expense by function and natural classification. Expenses directly attributable to a specific functional area of the Organization are reported as expenses of those functional areas. A portion of costs that benefit multiple functional areas (indirect costs) have been allocated across programs and supporting services based on the full-time employee equivalents of programs or supporting service.

#### New Accounting Pronouncement

In August 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-14, Not-for-Profit Entities (Topic 958) – Presentation of Financial Statements of Not-for-Profit Entities. This ASU amends the current nonprofit reporting model and enhances nonprofit organizations required disclosures. The ASU addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Organization has adjusted the presentation of these statements accordingly.

#### Subsequent Events

Subsequent events are events or transactions that occur after the statement of financial position date but before financial statements are available to be issued. The Organization recognizes in the financial statements, the effects of all subsequent events that provide additional evidence about conditions that existed at that date, including the estimates inherent in the process of preparing financial statements. The Organization's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of financial position, but arose after that date and before the financial statements are available to be issued.

The Organization has evaluated subsequent events through September 18, 2019, which is the date the financial statements are available for issuance, and concluded that there were no events or transactions that needed to be disclosed.

Old Town Chamber of Commerce is one of the nonprofit Organizations named as defendants in three lawsuits filed by San Diegans for Open Government (Plaintiff/Petitioner):

The first one was filed in 2014, an additional lawsuit was filed in 2015 which has been consolidated with the original 2014 lawsuit and is considered one lawsuit.

On June 6, 2018, a second lawsuit was filed to challenge the most recent fiscal year which is nearly exactly the same as the 2014 case. The Municipal Defendants have filed a

motion with the court to narrow this case down to a single lawsuit (similar to the first case). The Municipal Defendants also filed a motion to consolidate this lawsuit with the 2014 case as it involves exactly the same issues.

The above lawsuits challenge Municipal Defendants' authorization of a variety of tax levies and collections labeled as "assessments" by Municipal Defendants in order to avoid public scrutiny without first obtaining the requisite approval of the voters of the City of San Diego, and the approval of the illegal tax and related contracts in violation of conflict-of-interest laws. Municipal Defendants deny that the challenged assessments are taxes within the relevant definition and that public approval of them is required.

On February 2018, San Diegans for Open Government filed a third lawsuit, petition for Writ of Mandate under the California Public Records Act and Other Laws. On April 19, 2019 the entire consolidated case was stayed pending before the California Supreme Court. As of October 19, 2018, the date the last status conference was held, this matter is still stayed, pursuant to the Court's agreement to stay the matter. A status conference in the case will be scheduled for May 8, 2020.

#### **NOTE 6 – Income Tax Liability**

The Income Tax Liability amount of \$9,176 represents penalties plus interest due to the Internal Revenue Service for tax years 2003, 2005, and 2008 due to late filing of tax returns. The Organization is currently working with the IRS to have this liability abated.

### NOTE 7 – Liquidity and Availability of Resources
